Comments

Best in test

Good grip and balance. Good precision, high quality and durability.

Good paint pick-up and release, but the worst end result. Grip less good.

Good paint pick-up and release. Poor precision; not so good for detail work.

Good paint pick-up and release. Good precision. Loses a lot of bristles.

Mid-range

Less good end result. Quite a few paint splashes. No bristles lost.

Less good end result. Poor precision; not so good for detail work. Very good grip and balance.

Less good end result on painted surfaces.

Worst coverage and lost the most bristles. Poor precision.
